## COMLEX-USA Level 1 Score Report

The Comprehensive Osteopathic Medical Licensing Examination (COMLEX-USA) series is designed for use for all applicants for osteopathic medical licensure. COMLEX-USA consists of three progressive levels. Passing Level 1 indicates that the candidate has demonstrated competence in the foundational biomedical sciences and osteopathic principles and related physician competency domains for osteopathic medical care of patients as required to enter supervised patient care settings and to continue lifelong learning. Your result for **COMLEX-USA Level 1** is reported below.

Result: **PASS**

**Result:** The result indicates the pass/fail decision based on your examination performance. Passing COMLEX-USA Level 1 is based solely on achieving an overall standard score of 400 or higher. The standard score of 400 reflects the minimum passing level recommended by the NBOME for COMLEX-USA Level 1.

Proposed Sample Report

**This candidate score report does not constitute an official transcript.  
Only official transcripts from the NBOME should be used for primary verification of  
COMLEX-USA performance.**

## COMLEX-USA Level 1 Formative Performance Profile

This performance profile provides a comparison of your performance to the performance of other first-time test takers in the content areas tested in the examination.

- "Lower" indicates performance below an approximate 68% confidence interval of the national mean performance.
- "Average" indicates performance within an approximate 68% confidence interval of the national mean performance.
- "Higher" indicates performance above an approximate 68% confidence interval of the national mean performance.

Because the examination is highly integrative, NBOME recommends reviewing all content areas if retaking the examination.

**The NBOME provides this formative information to the candidate and the school for the purposes of continuous quality improvement and lifelong learning. The relative strengths and weakness information relates to the COMLEX-USA master blueprint. The NBOME strongly cautions against the use of this information for any other purposes, including sharing in any form as part of application to residency programs.**
